

Cemetery Minutes for 10 DEC 2020

Call to order 1804 with Angus Durocher, Bridget Labrie, Brian Degnan, Jim Taylor, Neal Meagher, and Alisa Bonnette present via Zoom.

Degnan taking notes.

Governor's notice was read.

approval of minutes, approved.

--no public comments

Sextant report:

quiet, met Shane and Jason regarding a lot that seems to be in an unsurveyed section. If the bottom section will be surveyed for cremation only, the survey should be continued down the line.

Jim, public works:

Not much to report, cleaned up decorations. Folks disappointed about their decorations being removed. Took delivery on a new lawnmower from town meeting. Fox Tree came by and did some of the work, about \$400-500, in Montcalm.

Angus: how much stuff gets collected yearly? Jim: 7 wheelbarrows or so. It's not too bad. There's about 20 graves that will have stuff. People generally come by and pick them up. We could probably hold on to it for a month after pickup just in case someone needs something. Bridget says that she's been in contact with Alisa about including a reminders to the community. We probably should better about including rules to new purchase of lots.

Angus: How about gates? We should look into the condition and usability of the gates.

Brian: FYI, I found the Whittemore cemetery grave.

Jim: Get some survey tape, and take it out there.

Trustee 2020 Annual Report:

Discussion of wording.

Business, rules and regulations:

Angus: Updated to "horseback" cemetery wording.

Page 4, bottom, is the cremation lot sizing correct?

A few edits

A work in progress.

Other Business:

Rules regs, round 3: Green burials, cost structures

Finding lost cemeteries.

We will continue the 2nd Thursday of January (1/14) @ 6pm.

Adjourn 1920 hours.
