

Enfield Cemetery Trustees Minutes
14Oct 2021

1813: Call to order (Meagher).

Present are Neal Meagher, Angus Durocher, Bridget Labrie, Brian Degnan. Degnan taking minutes.

1814: Move to approve minutes, approved unanimous.

1814: Public Comment --no public

1814: Sextant Report.

Discussion on urns and ceramic vs other types. Do we need to change vault language? We've had a quite a few lot sales. Not all urgent. We've had volunteers wanting to look at our cemeteries for online records. (Bridget coincidentally knows them from a previous job.) Before we do this, we need to reconcile some issues with deeds vs. cards vs. Pontem system. I've found some issues with small reference errors to location. I just got a phone call regarding 01 NOV 2021 for cleanup of graves. This person wants a "christmas decoration". We want to try to follow the rules and regulations. Will mention to Jim that when they clean up the graves that they should close the gates. A process change will be for us to send the rules and regulations with the deed. Spoke with Joe Tatro for sign information. Needs to see the signs before he can give a quote. Talked to Chris Rollins about getting a quote for the resurveying two cremation only sections in Countryside. In retrospect, unsure about a discussion on "corners" and how many pins need to be place. What defines a "corner"? Will talk to Chris and Jim Taylor about this.

1848: Public works report. No DPW representative

Neil asked about how help is holding up. Lost someone to Hanover.

1850: Other Business? --none

Do we need a yearly recap? Maybe for the annual report. What would be in that? Degnan volunteered to get that ball rolling.

1856: Next Meeting items?

Nothing to speak of, but will likely have something by April when we meet again. However, we will meet if something comes up before.

1900: Move to adjourn by Meagher, second by Angus. Unanimous.
