Town Reps in Attendance: Liam Ehrenzweig, Rob Taylor, and Ed Morris.
Mike burns was unable to attend.

Financial Updates: (no change)

Infrastructure Subcommittee:

The subcommittee feels that we do not need more benches or bike racks at this time. 1 to 3 more tables, appropriately placed could be used. If people wish to do something in memorial, we will be investigating the concept of memorial trees. Dave B. summarized that this subcommittee would like to consider 2 handicap spots and an unloading zone. A letter will go out from Ed Morris to the Northern Trails' Lou Barker or Chuck Corliss regarding asphalt removal and plantings in their area.

Doug S. proposed a Donor recognition panel near the electric box, preferably in a style compatible with the pavilion. There would be about 100 names and the panel might be around 4' by 6'.

Landscaping Subcommittee:

the landscaping committee will meet the first Thursday of the next couple of months as we plan for developing a budget for future plantings as beds are developed.

The landscaping committee is planning a summer work schedule of one day midweek each summer week, and then one Saturday a month. We would start with Earth Day and tidying up existing beds and some invasives removal.

Park Management Issues:

Discussion of ways to reduce future vandalism:

- Interest HS science class in removal of invasive plants or plant identification and labeling.
- Involve a sports or HS or MS service team in a park project.

Friends of MLP Group:

Could serve for future fundraising or for the ongoing development and maintenance of the park as it evolves. this may involve two different interest groups.
