Town of Enfield Town Manager Search Committee – Outreach:

2017 Enfield Town Manager’s Search Committee

Committee’s Purpose: Appointed by the Enfield Board of Selectman in January 2017, the Committee is tasked with identifying a slate of highly qualified candidates from which the Board will select the next Town Manager. The Board of Selectman retained Municipal Resources Inc., (MRI) represented by its President and Chief Operating Officer Alan Gould, to assist the Board and Committee with its work.

The Search Committee looks forward to engaging collaboratively and transparently with a wide range of stake holders. Enfield citizens, elected and appointed officials, town employees and other interested parties are encouraged to email/call MRI directly with their thoughts about the next manager. The Search Committee’s work will continue until we have a final slate of candidates to present to the Board of Selectman who make the final hiring decision. The Search Committee expects to complete its work by May.

Enfield citizens, elected officials, appointed volunteers and town employees with thoughts about the qualifications, skills, and interests of Enfield’s next town manager are encouraged to reach out to Alan Gould at MRI via email or phone:
