Swimming Pool Credit Form

A pool credit is available to sewer customers that use municipal water to fill or top off their swimming pools. This credit is the volume of water not collected and treated in the municipal sewer. It is granted once per year based on the size of the pool as calculated below.

The credit you will receive will be based on the volume use charge for sewer service, which is:

\$ 23.37/1000 gallons

Your account will be credited as soon as we receive this worksheet.

Please complete the following statement and return it to this office as soon as possible.

Owner Name: _____

Acct.# _____

Phone # _____

I hereby affirm that:

1) The dimensions and capacity of the pool are as indicated below:

A. Width or Diameter _____

B. Length _____

C. Normal Water Level Depth _____

D. Normal Capacity _____

E. Gallons Per Foot of Depth _____

2) The depth in feet of water added to fill or "top-off" my pool this year was _____ feet.
