Outdoor Water Use - Pool Credit Form

An outdoor water use and/or pool credit is available to sewer customers that use municipal water for plant watering to fill or top off their swimming pools. This credit is the volume of water not collected and treated in the municipal sewer system. It is granted based on the size of the pool as calculated below. For outdoor water use customers must supply documentation of hose usage. This can be done with a hose meter available at hardware stores and at online retailers. Customers must supply photos of readings at the start and finish of each quarter.

The credit you will receive will be based on the volume use charge for sewer service, which is:

\$ 30.22/1000 gallons

This form must be submitted the DPW by the last week of June for second quarter credit and that last week of September third quarter credit.

Please complete the following statement and return it to this office as soon as possible.

Owner Name: _____ Location: _____
Acct.# _____ ☐ Pool (Fill out Items below)
Phone # _____ ☐ Outdoor (Attach documentation of gallons used)

I hereby affirm that:

- 1) The dimensions and capacity of the pool are as indicated below:
 - A. Width or Diameter _____
 - B. Length _____
